### Area of application

Nails

### Special highlights and sales arguments

This solvent resistant, self-balancing base coat offers the perfect foundation for LCN colour gels. The keratin it contains strengthens natural nails and nourishes stressed nail plates.

A unique texture and technology – developed exclusively by LCN scientists.

Discover the revolution in permanent polish!

### Assortment

Available in 10 ml

### Availability

From 15.07.2017

### Application

Massage in a thin layer onto prepared natural nails and cure. Apply a second rich layer and cure. Wipe with a dry cotton swab (if required) and slightly buff surface if necessary.

Now apply any LCN Colour Gel as usual and seal. Wipe with Super Shine Finish Cleaner.

For a colour change remove the colour gel with a 180 Grit file. Do not remove the LCN Quick Colour Base completely. Now apply as described above.
