

LCN

Product Knowledge

Introduction

LCN is a modern cosmetics company that has been creating innovative cosmetic products in the cosmetics market for more than 30 years. Their core focus is in the area of professional nail modeling, however they offer high-quality products for hand, nail, foot and permanent make-up.

Light Cured Resins

LCN focusses on finding the optimum compatibility for every nail type. Made in Germany and developed by renowned scientists and professional users.

Bonding

LCN Bonding enhancers are optimizing the bonding characteristics of LCN UV Gels with bonding properties. Bonding agents are essential components in classical nail sculpting and should always be applied extremely thin. All LCN Bonding gels are compatible with all LCN UV Gels.

SUPER GEL

Super Gel, is suitable for all normal nails ranging from natural short to long shapes. Bonding, Sculpting and Sealing in one product!

Characteristics

- > Bonding, Sculpting and Sealing in one product
- > Suitable for tip and paper form extensions
- > 100 % vegan and solvent free
- > Extremely easy in its application
- > Depending on nail type and customer preferences, combinable with all LCN resins
- > Can be pinched and sculpted
- > Micro Fiberglass particles provide a high stability for all nail lengths
- > 100 % Made by LCN

ULTRA GEL 3-IN-1

The Anti Aging Fiber NailTech is suitable for customers 35+. It is specially suitable for customers who wish to counteract the ageing process pro-actively.

Characteristics

- > Bonding & Sculpting in one product. Stabilises the natural nail, with a slight build-up
- > Contains a Vitamin A-complex to maintain the nail, hyaluronic acid for more resilience of the nails, more moisture and elasticity,
- > Fiberglass particles for more stability of the nail
- > Collagen, to fill up nail grooves.

BIO GLASS GEL

Our Bio Glass Gel with the active ingredient Bel-Even is especially suitable for customers with sensitive nails. The perfect solution for allergy sufferers, stressed and sensitive nails, reduces liftings, reduces allergies and damage to nails, regenerates nails.

Characteristics

- > 100 % acid free Gel with bio-active ingredients
- > Contains exclusively compounds, accepted by the human body
- > Exhibits a high bio compatibility
- > Provides a natural connection to the natural nail
- > Bonding agent and Sculpting gel in one product

AFO

AFO is suitable for customers who tend towards oily nails and nails that tend towards liftings. This system is especially suitable for customers who would like to change from Acrylic to Gel. It is suitable for Full Sets and Refills and is perfect for artificial nails with a normal length and a medium build up.

Characteristics

- >AFO Nail Foundation is air drying and builds the perfect base for AFO Building Gel. Acidic.
- > AFO Bonding Gel is a extremely strong UV Bonding agent containing a low amount of acid.
- > AFO Building Gel is a acid free sculpting gel. The Gel is break resistant, elastic and distinguishes itself with a high wearing comfort.

Hand and Nail Care

LCN offers a variety of hand and nail care options for your treatment room and at home care for your clients.

WOW HYBRID GEL POLISH

Innovative 2-phase polish system. It combines the advantages of a soak-off and nail polish system.

The original WOW Hybrid Polish Plumping-Texture provides an ultra shiny gel look that evens out ridges and unevenness in natural nails perfectly. Apply the colour polish in two thin layers on cleansed nails and seal with the WOW Hybrid Gel Top Coat. No UV or LED light unit necessary! Remove with acetone free nail polish remover

NAIL POLISH

High quality Nail Polishes for professional demands. LCN polishes are high quality polishes with a high colour stability, an extremely short drying time as well as an intensive high shine.

The result: an even, striation free colour coating; no yellowing; intensive opacity; extremely long durability.

Foot Care

LCN offers a variety of foot care options for your treatment room and at home care for your clients.

LAQISH

LAQISH – a innovative light curing nail polish, especially developed for fast pedicures. This concept does not require a Bonding agent nor a Sealant. LAQISH cures without a dispersion layer. This system lasts up to 4 weeks and can be removed with just a few easy steps. All colours contain Piroctone Olamine.

PEDIQUE SILVER PLUS

This elastic 1-Phase-Resin adjusts itself optimally to the movement of feet. Plus stands for a special additive with AM-Factor. WILDE-PEDIQUE plus has been uniquely refined due to the adding of the active ingredient micro crystalline. The innovative WILDE-PEDIQUE silver plus has an anti bacterial effect which is attributed to this precious meta

Micro Needling Mobile Pen

Micro Needling is a cosmetic treatment that enables us to channel larger ingredients particles deep into the skin. Based on the micro injuries inflicted on the skin the cell generation and skin renewal are activated, collagen and elastin fibres are being tightened. Results are already visible after just a few treatments. The skin appears youthful and even based on this "lifting effect". With the Micro Needling Mobile Pen the needle length can be individually adjusted for every treatment area.

Whipped Cream Collection

Whoever tries our new Whipped Cream line will experience profound bliss. Rarely before has a care series pampered the skin and senses to such an extent! The delicate textures, the absolutely seductive fragrance. This line is sheer bliss for the soul. Intensively nourishing, sustainable regeneration and enticing to the senses.
